(Associated Press by Federal Wireless) STOCKHOLM, Sweden, Aug. 28.— After the All-American association football team had defeated a crack Swedish team here yesterday, the American players were mobbed and stoned by spectators of the game. None of the visiting players is reported hurt. All the players on the visiting team are American citizens.

The American team opened its series of five contests scheduled to be played in Sweden yesterday afternoon and everything went off in fine shape during the game, which was fully up to the expectations of the promoters who arranged to have the foreign players take the trip to this country. The series of matches was threatened, however, when the American eleven was attacked while on the trip back to the hotel in automobiles.

Whether this reception at the hands of the Swedish supporters will deter the Americans from continuing the schedule, which has been arranged for Smith, ss 4 0 0 1 2 months, is not known. If the senti- Goliah, if 3 0 0 1 0 0
